Particle filtering half mask

With additional clip for perfect support

- Protection class FFP2 NR: Protection against harmful substances such as solid and liquid dusts, smoke and aerosols
- Efficient 3-layer filter system (Spunbond, meltbond, non-woven – high level filtering of 95% of all particles in the air)
- Hygienic individual packaging prevents contamination of the mask before use

Product features

- Tested and CE-Certified according to standard EN 149:2001 + A1:2009; regulation (EU) 2016/425 for personal protective equipment
- Effective prevention of dust, bacteria, allergens and germs
- One size fits all
- Skin-friendly material
- Excellent fitting: V-shape with nose contour design
- 3D design for comfortable breathing
- Ear loop with elastic band and additional clip for perfect fit
- Mask for single use
- Single foiled PE bags

pack of 10 masks

Weight: 0.01 kg

BPW 300 CONNECT
Blood pressure watch

Our first blood pressure measurement watch

- Blood pressure measurement watch with Bluetooth® and VitaDock+ app
- Faster measurement results thanks to inflation technology
- High quality E-ink display with low power consumption

Product features

- Reliable use and accurate blood pressure measurement
- Measurement function adjustable via Vitadock+ app
- Adjustable time and number of blood pressure measurements per day (30- or 60-minute intervals)
- Wrist circumferences: 135 – 215 mm
- Display size: 27.6 × 27.6 mm
- Bluetooth® data transfer to the VitaDock+ app for iOS and Android and to VitaDock® Online*
- 60 memory slots for one user
- Certified medical device**

Size: 4.7 × 4.1 × 13.5 cm
Weight: approx. 0.065 kg
Measuring method: Oscillometric
Measuring range: Blood pressure: 0–299 mmHg
Pulse: 40–180 beats/minute
3.7V 210mAh rechargeable Li-ion battery
Batteries: 51215
Article No.: 51215
EAN: 40 15588 51215 5
Warranty: 3 years

* iOS: iPhone 6S and newer, iPad Air 2, iPad Mini 4 and newer. Android: devices, which support Google Android version 6.x and the Bluetooth Smart 4.2

Particle filtering half masks | Blood pressure monitors

BU 570 CONNECT
Upper arm blood pressure monitor

Ultra slim design

- Faster measurement results thanks to inflation technology – The blood pressure is measured during the inflation of the cuff
- Extra large and easy-to-read display
- Accurate blood pressure measurement on the upper arm with blood pressure classification
- Bluetooth® data transfer to the VitaDock+ app for iOS and Android and to VitaDock® Online*

Product features

- Big LCD display: 7.3 x 6 cm with backlight
- 120 memory slots for each of 2 users
- Calculates average value of data of the last 3 results
- With indicator of irregular heartbeat
- Classification of measurements with traffic-light scale
- Certified medical device**

As thin as 3 stacked smartphones
– ideal for on the go

Size: approx. 9.3 × 13 × 3.4 cm
Weight: approx. 0.9 kg
Measuring method: Oscillometric
Measuring range: Blood pressure: 0–299 mmHg
Pulse: 40–180 beats/minute
4 × 1.5V (AAA)
Batteries: 51206
Article No.: 51206
EAN: 40 15588 51206 3
Warranty: 3 years

 **Bluetooth®**

- Convenient WiFi or Bluetooth® data transfer to the VitaDock+ app for iOS and Android and to VitaDock® Online*
- One-time connection of the scale to the WLAN network via the VitaDock+ App ensures automatic, continuous synchronization of new measured values
- Heart rate measurement with every weight measurement (pulse)

- Measurement of weight, body fat, body water, muscle mass and bone mass
- Determination of the BMI and BMR value
- Convenient "step-on" switch and automatic switch off
- High-quality and invisible ITO electrodes for higher conductivity of body analysis
- Large easy-to-read LCD display with white luminous digits
- Automatic detection of up to 8 users
- Toggles between kg, lb and st
- Body analysis not applicable for persons with medical implants (e.g. pacemakers)

Body analysis scale

- With colour indication**
- Measurement of weight, body fat, body water, muscle percentage and bone weight
 - LCD display shows by colour the difference between the current weight and the target weight
 - Green: under target weight
Blue: target weight
Red: above target weight

- Product features**
- Automatic recognition of up to 8 users
 - 9 memory slots for 9 users
 - Individual adjustment of the target weight possible
 - 4 high-precision strain gauge sensors for accurate readings
 - 6 mm tempered safety glass platform
 - Athlete mode for athletes
 - Convenient „step-on“ activation
 - Automatic switch-off after 8 seconds
 - Integrated calorie requirement analysis
 - Switchable between kg, lb and st
 - Body analysis not applicable for persons with medical implants (e.g. pacemakers)

IR 850
Infrared lamp

With hot warning indicator

- Intense infrared light to relax muscles or treat colds
- Three-stage electronic timer (5, 10 or 15 minutes) with LED indicator
- Cool down function with auto off

Product features

- Ceramic glass to block UV light
- Adjustable tilt angle (-15° to +35°)
- Recommended treatment distance: 40 cm
- Illuminated LED on/off button
- With hot warning indicator
- Extra long cable (200 cm)
- Incl. lamp (halogen)
- Certified medical device*

Size: approx. 20 × 18 × 28 cm
Weight: approx. 1.2 kg
Power supply: 220V~ 50 Hz
Power output: 300 watts
Article No.: 88303
EAN: 40 15588 88303 3
Warranty: 3 years

LT 500
Daylight lamp

With wellness light in various colours

- Energizing daylight lamp for increasing the energy balance and avoiding symptoms of winter depression
- Uniform light distribution through LED technology
- Colour-changing wellness light with 4 colours

Product features

- Flicker-free
- Long-lasting, energy-saving LED lighting
- Light intensity: up to 10,000 Lux
- 2 light intensities can be selected
- Particularly silent
- Comfortable two-button operation
- Certified medical device*

Size: approx. 25 × 25 × 8 cm
Weight: approx. 0.6 kg
Light area: ø 25 cm
Power supply: 220 – 240V~ 50 Hz 0.2A
Power output: 23 watts
Cable length: approx. 180 cm
Article No.: 45226
EAN: 40 15588 45226 0
Warranty: 3 years

LT 460
Daylight lamp

As flat as a tablet

- Energizing daylight lamp for increasing the energy balance and avoiding symptoms of winter depression
- Uniform light distribution with LED technology
- 2 light intensities selectable

Product features

- Light intensity: up to 10,000 Lux
- Comfortable one-button operation
- Can be used horizontally and vertically
- Ideal for home and on the go
- LED technology
- Incl. storage bag
- Certified medical device*

Size: approx. 26 × 15 × 1.7 cm
Weight: approx. 0.5 kg
Light area: 20.5 × 12 cm
Power supply: Input: 100 – 240V~ 50/60 Hz, 500mA; Output: 12V-1 A
Power output: 12 watts
Cable length: approx. 180 cm
Article No.: 45220
